

A LONG TIME COMING

Mary Bulman won the last Captain's Trophy for the season on a day when course conditions were less than ideal. The Captain's Trophy is played on Women's Day once each month beginning in December and running through November of the following year. An award, chosen by the year's Captain, is given to the player with the lowest net score that day. In the event of a repeat winner the award goes to second low net score. Mary has been a member of ASWGC for over 20 years and she plays a lot of golf. This was the first time Mary won Captain's Trophy.

There is always a bit more pressure on Captain's Trophy Day. You're playing for a prize in addition to sweeps money. All of us come out and play the best we can. We all want to win. Some of us laugh on Thursdays when our scores are worse than those days when we play under more casual circumstances. We're playing for a small prize but there's pressure. When we watch the pros drop a putt for upwards of millions of dollars it's hard to imagine the pressure. We know how we feel to have to make a putt for Captain's Trophy, to win a match or for our team. Golf is fun and frustrating. It's hard and we envy those who make the sport look easy. Congratulations Mary.
